RATHDRUM SIGN STANDARDS

R-1 & R-2 Residential Districts

Non-flashing, non-illuminated residential nameplate not exceeding two (2) square feet, bearing only the name and address of the occupant, mounted flush on the dwelling structure.

Non-flashing signs not exceed thirty two (32) square feet for public buildings (libraries, parks, etc) Non-flashing, non-illuminated signs for home occupation not exceeding four (4) square feet, bearing the name of the business and the name and address of the occupant.

R-3 Residential District

R-1 and R-2 standards apply.

Apartment houses are allowed an illuminated sign of constant intensity light not exceeding twelve (12) square feet giving the name of the use and the address of the same.

C-1 Commercial District

Free-standing or wall signs in the C-1 District shall be restricted to a maximum size of one and one-half (1.5) square feet of area per lineal foot of building width, or part of a building occupied by the C-1 use, not to exceed four hundred (400) square feet in area.

Projections of wall signs shall not exceed two feet (2') from the face of the buildings. Signs may be illuminated by light constant intensity, but flashing, intermittent, rotation or moving light shall be prohibited. Nothing herein provided shall prevent the use of motorized computer board signs including message signs. In mall type construction each individual business may have a maximum sized sign as herein provided. All signs in Commercial District shall require the approval of the Administrator.

C-2 Commercial District

Free-standing or wall signs in C-2 Districts shall be restricted to a maximum size of four (4) square feet of sign area per lineal foot of building width, or part of a building occupied by the C-2 use, not to exceed four hundred (400) square feet in area. Projection of wall signs shall not exceed two feet (2') measured from the face of the main building. Signs may be illuminated by light of constant intensity, but flashing, intermittent, rotating or moving lights shall be prohibited. Nothing herein provided shall prevent the use of motorized computer board signs, including messages commonly used in the area. In mall type construction each individual business may have a maximum sized sign as herein provided. All signs in a Commercial District shall require the approval of the Administrator.

I Industrial District

Free-standing or wall signs may be illuminated, but non-flashing, and shall not exceed two hundred (200) square feet in area and twenty feet (20') in height. Signs shall be limited to one per business located on the property and contain only information pertaining to such business. Nothing herein provided shall prevent the use of motorized computer board signs including message signs commonly used. In mall type construction, each individual business may have a maximum sized sign as herein provided. All signs in a Industrial District shall require the approval of the Administrator.

NOTE: BUILDING PERMITS AND INSPECTIONS ARE REQUIRED FOR ALL FREE-STANDING SIGNS WITH ENGINEERED FOOTINGS.
